

USMERITVE PODJETJA

Politika podjetja se vidi skozi poslanstvo, vizijo ter vodila podjetja.

Poslanstvo

Mi povežujemo energijo!

Vizija

Naša vizija je postati eden vodilnih in cenjenih sistemskih integratorjev, pripravljenih na izzive, ki jih narekujejo glavni svetovni proizvajalci elektroenergetske opreme ter njihovi kupci.

Naša vodila

(Odražajo se kot: Politika Kakovosti, Politika VZD, Politika Ravnanja z Okoljem: krajše Politika KVZDO, ang. QHSE).

Ne glede na lokacijo izvajanja projektov oziroma storitev so naša vodila jasno opredeljena.

- Dosledno upoštevanje zakonodaje in predpisov, ki so relevantne za naše udejstvovanje
- Opredeljevanje in zavedanje
 - o Konteksta delovanja vključno z prepoznavanjem
 - lastnih zahtev,
 - zmožnosti ter
 - pravil ter Kodeksa Ravnanja
 - dosledno upoštevanje in udejstvovanje na podlagi le teh
- Sistematično prepoznavanje zahtev kupcev
 - o izraženih in neizraženih
 - o izpolnjevanje splošnih in tehničnih zahtev
- Realizacija posla
Pomeni izpolnjevanje dogovorjenega v vseh pogledih
 - o Tehnične zahteve; zahteve kupca ter standardov
 - o Zakonske zahteve
 - o Termenske zahteve
 - o Količinske zahteve
 - o Zahteve kakovosti - K
 - o Zahteve varnosti in zdravja pri delu - VZD
 - o Okoljske zahteve - O
- Na vseh področjih delovanja podjetja in v vseh fazah sodelovanja s kupci se zavedamo pomena preventivnega razmišljanja (ang. Risk based thinking) ter ga dosledno izvajamo
- Stremimo k stalnemu izboljševanju, poenostavljanju in optimiranju našega sistema dela, vendar upoštevamo najvišje standarde varstva okolja ter varnosti in zdravja pri delu.
- Varujemo okolje, zato se pri izvajanju naših storitev in projektov zavezujemo in stremimo k trajnostnim rešitvam, s katerimi prispevamo predvsem k zmanjšanju porabe energije in količine odpadkov ter znižanju ogljičnega odtisa.
- Pri svojem delu na prvo mesto postavljamo varnost in zdravje zaposlenih in v tem smislu izvajamo posvetovanja z njimi glede vprašanj varnosti in zdravja pri delu.

COMPANY POLICIES

Company policy is seen through the company's mission, vision and guidelines.

Mission

We connect energy!

Vision

Our vision is to become one of the leading and most appreciated system integrators, ready for the challenges dictated by the world's main producers and customer needs.

Our guidelines

(Reflecting as: Quality Policy, Health and Safety Policy, Environmental Management Policy: shorter QHSE Policy).

Regardless of the location of the projects or services, our guidelines are clearly defined.

- Consistent compliance with the laws and regulations that are relevant to our engagement
- Definition and awareness
 - o Context of operation including recognition
 - own requirements,
 - own capabilities and
 - rules and Code of Conduct
 - consistently follow and act on them
- Systematic recognition of customer requirements about
 - o expressed and not expressed
 - o achieving general and technical requirements
- Realization of contracts
Means fulfilling what has been agreed in every way
 - o Technical requirements; customer and standards requirements
 - o Legal requirements
 - o Time requirements
 - o Quantitative requirements
 - o Quality requirements – Q
 - o Health and Safety requirements at work- HS
 - o Environmental requirements- E
- We are aware of the importance of risk-based thinking in all areas of our business and in all phases of customer engagement and consistently implementing it
- We strive for continuous improvement, simplification and optimization of our work system, but we respect the highest standards of environmental protection and occupational safety and health.

We protect the environment, therefore while we perform our services and projects, we commit ourselves and strive for sustainable solutions, with which we are able to contribute to the reduction of energy consumption, waste generation and reduction of carbon footprint.
- At work, we place health and safety at the forefront of all goals of our employees and in that sense we periodically consult with them on issues of health and safety at work.
